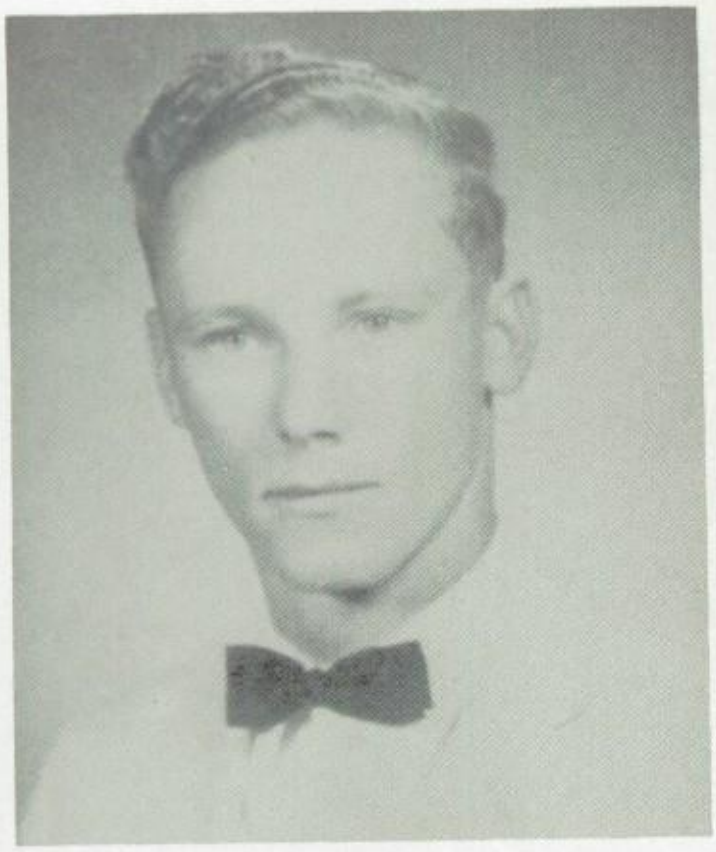
POLAR BEAR



In Memory

The Senior Class of 1965 wish to dedicate this annual in memory of Dickie Slayden.

Even though he is gone we shall never forget his vital personality. His memory will forever live in our hearts.

Senior Class

A free public education is one of the greatest gifts that the United States has to offer you, and the very essence of a free democratic society depends upon an educated citizenry.

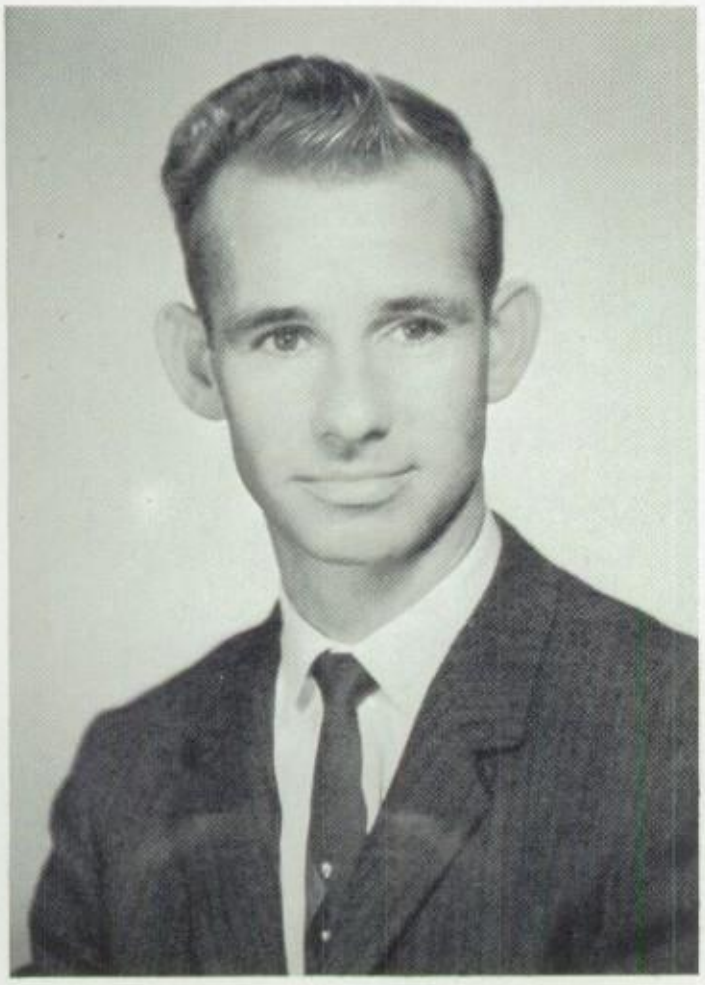
To choose leaders of the institutions of our country, we must understand the function and operation of them as well as our system of government. Educated men who think for themselves will control the government of their country, but an uneducated people can easily be controlled by the government.

May each of you realize the importance of learning and strive to reach the highest peak of your given ability.

Sincerely yours,

Charles W. Elkins

Charles W. Elkins



I would like to take this opportunity to commend you, the Senior class of 1964-65, for the time and effort put forth to publish this fine annual. This is only one example to show what hard work and co-operation can accomplish.

It has been my pleasure to have sponsored such a fine group of young men and women.

As you leave Plum Bayou High School to go your separate ways, my best wishes go with you.

Sincerely,

James K. Bradshaw
